Dear Ms. Fields:

Re: Bonding Requirements, Interpace Industries, Inc.: Clinton Pit,  
M/049/006, Utah County Utah and Pleasant View Pit, M/047/003,  
Weber and Box Elder Counties, Utah

I spoke with you this afternoon concerning the bonding arrangement this Division requires for the above referenced operator. On October 6, 1988, you told me that an initial \$25,000 bond is available immediately for the two properties. Today, this arrangement did not ring a bell with you.

The required sureties for the two properties are \$27,900 for the Pleasant View Pit and \$90,200 for the Clinton Pit. This \$118,100 surety will guarantee final reclamation of the properties.

Please review the arrangements you have made with this Division concerning these Interpace properties. Although these properties are both idle, a surety arrangement is required immediately.

Please contact me if you have any questions. Thank you for your prompt attention to this matter.

Sincerely,

Scott Johnson  
Reclamation Engineer
